

Touch typing resources:

- **Nessy Fingers** – for primary school age, motivating tutor with games and recorded progress.

- **Typequick for Students** – typing tutor with simple graphics and adventures as part of graded lessons.

- **Ultrakey 5** – for more cognitively able or older students, as screens can have a more professional look.

2Type: a very simple typing tutor for early years or students with additional needs.
<http://www.2simple.com/2type/>

Typing Pal online – online typing tutor for students of all ages, that can be used both at home and in schools through an annual subscription.
