

THE GT SCHOLARS PROGRAMME

Could your child benefit from this programme?

What is GT Scholars?

We are a social mobility and education charity in London. We run tutoring, mentoring and enrichment programmes designed to help young people aged 11-18, improve their grades and gain access to top universities, leading apprenticeships and competitive careers.

What do our programmes involve?

We run a range of after-school programmes which include a combination of:

- One-to-one Maths or English tutoring up to GCSE
- Mentoring and coaching sessions
- Skill-building days such as exam workshops and entrepreneurship challenges
- Enrichment sessions such as visits to universities and visits to top corporations in London

These programmes are separate from your usual after-school revision and extra-curricular support which is still available at your school.

What difference will this make?

Our programmes use a multi-strategy approach which has proved to be highly effective in building confidence, improving grades and increasing motivation for young people. The majority of scholars on our programmes have improved in their tutored subject by at least 2 grades within a year of joining eg. from a 5 to a 7 or a C-grade to a A-grade.

Who is the programme open to?

We're open to ambitious young people living in any London borough. We have a limited number of free places on our programmes, available to young people on Free School Meals. If you are not on Free School Meals, you may be eligible for reduced fees.

How do I apply?

To get started with the application process:

1. You'll need to register your interest online www.gtscholars.org/register-your-interest
2. We'll get in touch to discuss your application
3. We'll invite you to meet us at one of our information sessions in London on **Saturday 7th December** and **Saturday 14th December 2019**.

We hope to hear from you soon!

Best wishes,

Marilyn van Heerden

Programme Manager
