

# LEARNING JOURNEY

- Go to university to enhance your studies and get a degree
- Start a degree level apprenticeship

Continue your lifelong love of learning and personal development

## History: key skills for the future

- Appreciation of the cultures and attitudes of societies different to our own
- Evaluation of a broad range of material- can explain significance and utility of sources
- Presenting independent opinions about them in arguments that are well-written, clearly expressed, coherently organised and effectively supported by relevant evidence
- Jobs: in business and finance, in public administration, in journalism and broadcasting, in teaching at a number of levels, or in research-based careers of various kinds.

And to the future ...
